

## PORTABLE CO GAS LEAK DETECTOR

# MR-505sid\_co

### FEATURES

- Portable CO gas leak detector MR-505Sid\_co was developed to avoid CO gas which is fatally dangerous. It consists of low noise automatic suction, LCD display, special double filters, icon functions, extension hose, diagnose-it-yourself system and intrinsically safety.
- It has a high quality electrochemical cell sensor, battery check functions, visual & audible alarms, sensor waterproof and user configuration functions. It is for expert users.

### SPECIFICATIONS

Detectable Gas	CO Gas
Sensor type/Detection method	Electrochemical cell / Automatic suction
Detection indication	Flashing Red LED, LCD(0ppm~3000ppm)
Alarm Type	Buzzer 80dB at 50cm
Battery	Alkaline AA 1.5V × 3EA
Power voltage	DC 4.5V, MAX 70mA, 12w
Duration of use	MAX 30 hours
Operating temp	-20°C ~ +50°C, 0% ~ 95%RH
Material/Dimension/Weight	ABS/55(W)×130(L)×35(H) / 250g(including batteries)
Approval	-
Intrinsically safety	KTL : Ex ib d II B T4
Accessories	Manual, Leather bag, Filter, Extension hose, Alkaline AA battery 3EA
Options	Battery charger, Rechargeable batteries
